

# NEWS FROM MRS. HENNING

## NOVEMBER 2018

### RELIGION

**6TH GRADE:** The 6<sup>th</sup> grade finished up their unit on the saints. They learned the steps of the canonization process and each person made a trading card about a saint. They also learned about Abraham and Isaac.

**7TH GRADE:** The 7<sup>th</sup> grade learned about 38 saints by giving reports on them. Then they learned about the Infancy Narratives and the early life of Jesus.

**8TH GRADE:** The 8<sup>th</sup> grade learned about 36 saints. They each gave three reports and learned many facts about the lives of the saints. Next, they learned about the challenges that the Church faced during the late Middle Ages.

### SCIENCE

**6TH GRADE:** The students in 6th grade have been learning about mammals. They are creating PowerPoints about an animal and presented them to the class.

**7TH GRADE:** The 7<sup>th</sup> grade students finished up studying genetics. They made created Punnett Squares and learned how to predict genetic crosses. Next, the 7<sup>th</sup> grade has been working on

physical and chemical changes. They learned about the viscosity of different substances in a lab with various liquids.

**8<sup>TH</sup> GRADE:** The 8<sup>th</sup> grade students created their own versions of the Periodic Table of Elements. Currently, 8<sup>th</sup> grade students are learning about waves. They have demonstrated models of a wave with a rope and a coiled spring.
